

2012 Returning Peer Mentor Application

Serving Orientation & Registration, the 1839 Experience, New Lancer Days, and Longwood Seminar

Sponsored by
The Office of First Year Experience and
The Office of the Vice President for Academic Affairs/Longwood Seminar

Creating a Dynamic First Year Experience

Longwood's new student programs are designed to introduce students to the university's living and learning community. During the summer Orientation & Registration programs and the 1839 Experience, new students will learn about their academic requirements and register for classes and begin to develop friendships with new and upper-class students. During New Lancer Days and Longwood Seminar, students will learn about the wealth of co-curricular programs and support services available; begin to develop strategies and approaches for managing time, studying, and decision making; and be introduced to the spirit of inquiry in our intellectual community.

Peer Mentor

Peer Mentors work to create a comfortable and safe environment in which entering students can individually and collectively "find their feet" in the Longwood community and provide new students with the tools and knowledge they need to start their college career. Summer Orientation Peer Mentors begin their tenure with new students and their families during Summer Orientation and Registration programs. Peer Mentors then offer an extended Orientation experience through the 1839 Experience, a blackboard based correspondence program for ten weeks prior to the arrival of new students. During New Lancer Days, all Peer Mentors work directly with the group of students assigned to the Longwood Seminar course they will be mentoring throughout the fall semester. During New Lancer Days and throughout LSEM, all Peer Mentors will work with new students to develop strategies for managing the challenges and rigor of college and develop a sense of citizenship in our community.

Two Teams

To allow for flexibility, applicants are asked to choose which Peer Mentor team they would like to work with. The Summer Team will work all summer Orientation and Registration programs, 1839 Experience, August Orientation, New Lancer Days and Longwood Seminar. 24-26 Peer Mentors will be chosen for this team.

For those applicants who cannot make the commitment to work over the summer, the Fall Team is an option. This team will work the 1839 Experience (from home), New Lancer Days and Longwood Seminar. Approximately 30 Peer Mentors will be chosen for this team.

All Peer Mentors will work New Lancer Days and Longwood Seminar, making a combined team of 50-55 in August.

Summer Team

The Summer Team will be comprised of 24-26 Peer Mentors who will work Summer Orientation and Registration Sessions (May/June), the 1839 Experience, late July Orientation & Registration, August Orientation, New Lancer Days, and Longwood Seminar. This team will attend one training date in March, an hour long session in April, and training sessions in May just prior to the first Orientation Session. This team will live together in campus housing and will be provided with a meal plan. During the Summer, this team will have assigned days off between orientation sessions but will also serve office hours in the Office of First Year Experience to learn more about session preparation and planning. The Summer Team will then join the Fall Team in August for training and to work New Lancer Days and Longwood Seminar. Additionally, team members will be asked to attend periodic staff meetings during the duration of Longwood Seminar.

Fall Team

The Fall Team will be comprised of approximately 30 Peer Mentors chosen solely for this team and will be joined by the Summer Team in August (50-56 Peer Mentors total). This team will work the 1839 Experience, New Lancer Days and Longwood Seminar. Fall Peer Mentors will be responsible for attending one training date in March, one hour long training in April and training just before New Lancer Days. Additionally, team members will be asked to attend periodic staff meetings

during the duration of Longwood Seminar. This team will work closely with both the Director and Assistant Director of First Year Experience and the Director of Longwood Seminar.
