## News From The Center

---

### Greetings from the Director

Welcome to the summer 2006 issue of News From the Center. My name is Rebecca Sturgill and as Director of the Learning Center I try to provide students, faculty and staff with every learning opportunity possible. I will tell you all about the Learning Center in the first fall installment, right now I wanted to point out items that may be of interest or concern as you approach move-in day.

### Move in on August 24th

Your student will receive information about when he or she is scheduled to move onto campus in an email late July / early August from Residential and Commuter Life giving their housing assignment and their roommate contact information. For further questions, please visit <http://www.longwood.edu/rcl/>.

## Longwood Email and Phones

**"Do not worry about your problems with mathematics, I assure you mine are far greater."**  
Albert Einstein

**Please** encourage your student to get into the habit of checking their Longwood email account at least once every day. Much of our information is disseminated this way and we do not want them to miss things! Also required this year is that students bring, set up and regularly check a room phone. Our offices do not have access to student cell phone numbers and find it very difficult to contact students this way.

### From the Office of New Student Programs

Please don't forget to submit your evaluation of the Orientation and Registration program. You may do so online at <https://www2.longwood.edu/ing5/surveys/TTDGGR>. If you include your email address you will be entered into the drawing for a free registration for Family Weekend! Thank you in advance for completing the evaluation. We value your input and take all comments into consideration when designing the next program.
