

Longwood University Board of Visitors to consider tuition and fees for 2020-21 academic year

The Longwood University Board of Visitors will meet on **Friday, June 12, 2020** in the **Stallard Board Room**. The Board expects to take action on tuition and mandatory fees for the 2020-2021 academic year. Rate increases of between 0 and 6 percent will be considered. In a time of uncertainty over the state's budget for 2020-21, any increase will be required to provide essential services to students and to meet increased operational costs. The Board will accept public comment at the meeting prior to any vote on tuition and fees. Anyone wishing to provide written public comment or to address the Board at the meeting on June 12 may notify the Office of the President at stokeskl@longwood.edu.
