

## **Career Jeopardy**

*(packet with all materials you will need available in Resource Room)*

**\*\*Most useful to juniors and seniors\*\***

### **Description:**

There are 5 categories with 5 questions. The format is similar to the *Jeopardy* game on TV. Questions are asked and the player just had to give the answer to the question. Answers are provided on a separate sheet of paper that the facilitator (you) will have.

Each of the 5 categories has headings and questions that you may tape to a flat surface. Just fold up the questions so only the dollar signs show. When a contestant chooses a category you can fold down the question. In addition, there are helpful comments to state after each question is answered.

Designate a person to keep score. You may want to provide your residents with refreshments and/or prizes.

**All 'Career Jeopardy' questions, answers, and categories are in the Resource Room. Just look for the 'Career Jeopardy' Hall Program Folder.**
